Dear Electric Voice Theatre,

Thank you for coming to our class and teaching us all the fabulous things you have taught us. If it wasn't for you I would never have known any of the things you have told us if you never told us.

My favourite thing was the Victoria Drummond song than we wrote I love how we got a chance to write a song and we got to perform it in front of a big audience it is a chance of a lifetime to do it although the tune was always changing at random times.

One of the woman scientists I learned was Beatrix potter I was told that Beatrix potter was not just a writer but also a mycologist it's quite mind blowing actually that the people never let her join the ciciaty and then said sorry one hundred years later! It's good that the postman Charles mackintosh was extremely nice and posted her fungi in return for some fungi painted in super water coulers at

least someone was nice to Beatrix potter I think she is amazingly interesting. I think it is important to remember the woman scientists composers marine engineer and engineers because they did all they could to help so it would not be fair to not remember important women too.

Thank you Frances for being extremely dramatic, hilarious a little bit crazy and mostly musical you can basically sing any note it's pretty amazing! The best part you did was the Williamina Fleming song it was funniest thing I ever saw especially the time you were dusting people's heads, shoes and if they had glasses I could barely stop laughing! Without you we would never have been able to do it so thank you so much.

Thank you Jordan for being open minded at all times possible none of us would come up with the ideas you came up with you truly are a smart one! Thank you Jordan!

Thank you Bea for doing the actions so that deaf people can understand what we are saying and by helping Mrs Collins thank you Bea!

Thank you Herbie for being a very technical, musical

, very patient guitarist without you we would never have had the music we have now so thank you Herbie!

Thank you for giving us an amazing time at A.K Bell library it was also lovely meeting super people.

Sincerely Thomas.

Dear Electric voice theatre Thank you for Helping us with Victoria Drummond and Mary Mary song my favourite bit was William meana house keeper because I was laughing How Frances was cleaning peoples shoes After the show I felt amazed one of the scientist I know is Beatrix potter she was a mycologist and she studyed mushrooms under a mycologist and she drew rabbits in he garden and there was a another engineer is Victoria Drummond she saved the crew from bombers the caption was sweating why was Victoria Drummond going to the beach because she wanted to collect shells I know what I learned from the show that williom welmeana her husband left her then she got a job a house keeper and she was smarter than the man she got leaved prenaught Herbie was my favourite helper because he is paitionite and kind from Ben

now put in CLS FS

Dear electric voice Theatre

I really enjoyed learning about Victoria Drummond. I love leaning sing Ludwig of of Bea and loved performing on the stag. I like learning all about the woman andinista. I like when Cathrine booth came because she techs us all bout Beatrix potter. I though a were Victoria Drummond songs as increasable

like doing the squirle and a were names.

thought that the when Herbie was planing the guitar it was mazing and Bea sing Ludwig was grate Frances was amazing at eing a teacher.

Dear Electric voice theatre thank you  
I like the electric voice theatre decos everyone is nice And my favourite part is  
went Francis went to fell Down on the floor and went to do singing the Mary  
Somerville

Herbie is good at guitar bee is good and technical

Frances is funny and silly and fabulous at singing

Jordan is good at ideas and building thinking ideas of stuff to building  
with us

Bea is Nice and Generous and good at actions with us

I learnt about Williamina Fleming and I learnt that she was a astronomer from  
Dundee she and she was a Computer cleaner

I learnt about Victoria Drummond she was a engineer and World War Two Hero

Dear Electric Voice Theatre,

Thank you for helping us perform for the AK Bell library. My favourite part was singing Beatrix potter and Mary Somerville. My favourite was Williamina Fleming it was hilarious! Williamina was an astronomer. She had to work and clean house's because she had to save up for her family and she had to go to Boston far away from home.

I like Frances because you are hilarious, dramatic and crazy. I like Herbie because you are very patient when we get something wrong , technical, musical, and a guitarist. I like Jordan because you tell us about science of how ships float on water, you are a librarian and a historian and you tell us about stuff clearly.

I enjoyed listening to Catherine Booth because she was talking about Mary Somerville and Victoria Drummond. Did you know that Victoria Drummond is a Marine engineer and lived in Errol? Did you know that Mary Somerville was a Mathematician/Astronomer and she was born on 1780-1872? I like Bea because you are good at sign language and you are kind and helpful. Jean Valentine was a codebreaker in Perth which she used to send messages to people.

Thank you again

From Khloe

Dear Electric Voice Theatre,

Thank you for choosing P5 I wish I could do it again. My favourite part was when we did the spinning plates. I loved the willamina song it was hilarious. I now know that she was a Astronamer and how tuff her life was. Did you know when they arrived in Bosten her husband left her when she was pregnatnt<sup>P</sup> that is sad.

I like Frances because she is funny and good at drama a bit crazy too. <sup>^P</sup>

Herbie is really good at the guitar and he is patient.

Jordan is very good at telling us the history of Perth and he is very nice to let us into the Library.

Bea is good at sign language and kind to us.

I will miss you all I had so much fun on stage I hope I see you all again. Now I know a lot more of Perth's past thank you. <sup>^P</sup>

Dear Electric voice theatre <sup>P</sup>

thank you so much for setting a show for us to perform our songs at Ac bell library. Infrunt of a odeins. It was exquisite. My favourite part was when we got in a sercul and said our names and a silly thin at the end. Frances if your reading this between you and me you were the star of the show. I enjoyed learning about Beatrix Potter, Mary Somerville and Victoria Drummond and Willamina. My favourite person to learn about is Victoria Drummond. I liked writing a song about her and sing it. Herbie if your reading this you where <sup>www</sup> a big help being the tech guy and playing the music. Jordan until you read this cause I now you will read this last you were brilliant shown us the libery my favourite part was the archives I liked the books in there they were they were unbelievably huge.
